Provided that failure or omission to serve such notice on any owner shall not invalidate proceedings under this section.

(3) The Corporation shall consider all objections received within the said period, and shall hear any objector who comes forward within such period as they may fix in this behalf, and may then make an order prescribing a building-line or a street alignment, or both a building-line and a street alignment for such public street.

(2) Any land taken possession of under sub-section (1) shall forthwith be added to and become part of the said street, and shall vest in the Corporation.

Explanation.—The expression “direct damage”, as used in sub-section (1) with reference to land, means the market-value of the land taken and the depreciation, if any, in the ordinary market-value of the rest of the land resulting from the area being reduced in size; but does not include damage due to any particular use to which the owner may allege that he intended to put the land although such use may be injuriously affected by the reduction of the site.

(2) In determining such compensation under section 523, the court shall make allowance for any benefit accruing to the same premises or any adjacent premises belonging to the same owner from the construction or improvement of any other public street, square or garden, at or about the same time that the public street, square or garden, on account of which the compensation is paid, is closed.

Projected public streets.

Projected

309. The provisions of sections 302 and 303 shall, with all necessary modifications, apply to public streets projected under section 308.

Provisions of sections 302 and 303 to apply to projected public streets.

Acquisition of land and buildings.

310. (1) The Corporation may acquire—

- (b) the buildings (if any) standing upon such land.

Power to Corporation to acquire land and buildings for improvement of public streets, squares and gardens.

(2) The Corporation, with the sanction of the Local Government, and after giving due notice of their intention and an opportunity to any objector, who appears within such period as they may fix, to be heard in this connection, may acquire, in addition to any land and buildings acquired under sub-section (1), any land outside any proposed street alignment, with the buildings (if any) standing thereupon, which the Corporation may, for any of the purposes mentioned in sub-section (1), including the recoupment of the cost or any portion of the cost incurred for any such purposes, consider it expedient to acquire.

Abandonment of acquisition.

311. (1) In any case, in which the Local Government have sanctioned the acquisition of land under section 310, sub-section (2), the owner of the land, or any person having an interest therein greater than a lease for years having seven years to run, may make an application to the Corporation, requesting that the

(2) The Corporation shall admit every such application if it reaches them before the time fixed by the Collector under section 9 of the Land Acquisition Act, 1894¹, for making claims in reference to the land: I of 1894.

Provided that unless the application is made by all the persons who have an interest in the land greater than a lease for years having seven years to run, the application shall not be deemed to be admitted unless the person applying undertakes to pay in one instalment the full fee payable under sub-section (3) and thereafter pays such fee.

Explanation.—A mortgagee shall not be deemed to be a person having an interest in the land greater than a lease for years having seven years to run.

(3) If the Corporation decide to admit any such application, they shall forthwith inform the Collector, and the Collector shall thereupon stay proceedings for the acquisition of the land, for such period as the Corporation may request, and the Corporation shall proceed to fix a fee in consideration of which the acquisition of the land may be abandoned.

(4) In fixing the fee to be paid in consideration of the abandonment of the acquisition of the land, the Corporation shall, so far as to them may appear to be practicable, fix a sum which in their opinion represents two-thirds of the increment in the value of the land, which will in their opinion accrue to that land as a result of the improvements effected in the locality by the scheme for the purposes of which the acquisition has been sanctioned.

(5) Such fee shall be and remain a charge on the land, in respect of which it has been fixed, until the repayment thereof with interest in the manner hereinafter provided and shall be payable by the applicant on or before a date to be fixed by the Corporation in this behalf; and such date shall not be less than four years from the publication of the notification under section 6 of the Land Acquisition Act, 1894 nor shall such date be a date before that on which the scheme is declared by the Corporation to be completed in so far as it affects such land.

(i) to leave the said fee outstanding as a charge on his interest in the land, subject to the payment in perpetuity of interest, at a rate not exceeding seven *per cent. per annum*, the said interest to run from the date fixed under sub-section (5), or

(ii) to pay the said fee by such number of equal yearly or half-yearly instalments of principal or of principal and interest, as may be approved by the Corporation, interest in both cases being calculated at a rate not exceeding seven *per cent. per annum* on the amount outstanding.

(7) When the said fee has been paid on or before the date fixed under sub-section (5), or when an agreement has been executed in pursuance of sub-section (6) in respect of any land, the proceedings for the acquisition of the land shall be deemed to be abandoned.

(8) If the said fee be not paid on or before the date fixed under sub-section (5), the Collector shall then proceed to acquire the land.

(9) If any sum payable under an agreement executed in pursuance of sub-section (6) be not paid on the date on which it is due, or on such later date as the Corporation may in their discretion fix in this behalf, so much of the fee fixed by the Corporation under sub-section (3) as is still unpaid, shall be payable on that date, in addition to the said sum.

(10) At any time after an agreement has been executed in pursuance of clause (i) of sub-section (6) any person may pay off the balance outstanding of the charge created thereby, with interest due, if any, at a rate not exceeding seven *per cent. per annum*, up to the date of such payment.

312. When an agreement has been executed by any person in pursuance of section 311, sub-section (6), in respect of any land, and any money payable in pursuance of that section is not duly paid, the same shall be recoverable by the Corporation (together with interest up to the date of realization, at a rate not exceeding seven *per cent. per annum*), under the provisions of this Act ;

(2) If such notice be not complied with and the Corporation, under section 510, sub-section (2), execute the works mentioned or referred to therein, the expenses thereby incurred shall be paid by the owner of such private street or the owners in default, in such proportion as may be settled—

351. (1) Notwithstanding anything contained in sections 345 to 350, the Corporation may, after receipt of a report made under section 344 with respect to any *bustee*, and after giving an opportunity of being heard to the owner thereof, pass a resolution to the effect that the *bustee* is an unhealthy area and that, in their opinion, the purchase or acquisition of the *bustee*, or of any portion thereof, is necessary for the purpose of making the improvements referred to in the said report.

(2) When any such resolution has been passed, the Corporation shall make a plan for the improvement of the said *bustee* or portion thereof, together with such estimates as may be necessary for a due understanding of the same, and may then purchase or acquire the said *bustee* or portion thereof, and such plan shall be deemed to be the standard plan of the *bustee*.

(3) When any *bustee* or portion of a *bustee* has been so purchased or acquired, the Corporation shall, as soon as is reasonably practicable, either—

to the said person or his heirs, executors or administrators a prior right to purchase or take on lease such *bustee* when disposing of the same under sub-section (3), if such person applies in this behalf, at such rate and on such terms and conditions as may be fixed by the Corporation, if the Corporation consider that such a right can be given without detriment to the carrying out of the purposes of this Act. If more than one person applies to the Corporation that a *bustee* or portion thereof be sold or let to him, the Corporation shall determine which of such persons has the prior right to take such *bustee* under this section.

(5) Whenever action is taken under clause (a) of sub-section (3), the provisions of sub-section (2) or sub-section (3) of section 471, as the case may be, shall be applicable.

352. (1) No standard plan approved for a *bustee* under this chapter shall, without the consent of the owner thereof, show more than—

Proportions of area of *bustee* to be shown in standard plan as streets, passages and open lands.

- (a) one-fourth of the whole area of such *bustee* as streets or passages, or
- (b) one-third of such area as open lands not to be built upon, whether such open lands be common ground, streets, passages or spaces behind a line of huts.

(2) In calculating the said proportions of one-fourth and one-third of any such area, no tank situated therein that has not been filled up shall be taken into account.

353. (1) When the land included in a *bustee* is owned by more owners than one, each owning one or more separate plots of such land, the standard plan approved under this chapter for such *bustee* shall, as far as practicable, provide—

- (a) for one or more huts being completely contained in each such plot, and
- (b) for such proportion of each such plot being taken for streets, passages and open land as is specified in section 352.

(2) If a greater proportion of any one such plot than the proportion specified in section 352 is so taken, such standard plan shall indicate—

- (i) the compensation which shall be payable to the owner of such plot, and

(Part V.—Chapter XXII.—Bustees.—Sections
354, 355.)

(ii) the persons who are liable to pay such compensation by reason of their benefiting by such greater proportion having been taken.

(3) If no person can equitably be called upon to pay such compensation, the same shall be paid by the Corporation.

(4) Any compensation payable under this section to the owner of any land in a *bustee* shall not be paid until such land has been brought into complete conformity with the standard plan.

Streets and passages shown in standard plan, if not public streets, to remain private.

354. (1) Every street or passage in a *bustee* which is shown in the standard plan approved under this chapter for that *bustee*, and which is not already a public street, shall, unless the Corporation and the owners of the land on which such street or passage is situated otherwise consent as provided in section 318, be deemed to be a private street; and the portion thereof which falls on the land of each owner shall belong to such owner:

Provided that any portion of any such street or passage which is situated on land purchased or acquired by the Corporation under section 349 shall remain the property of the Corporation.

(2) Every such private street shall, at all times, be kept open for scavenging purposes and for all other purposes of this Act in such manner as the Corporation may require, and shall also be kept open for the use of all the tenants of the *bustee*:

Provided that, notwithstanding anything contained in the Indian Limitation Act, 1908,¹ no use of any such street shall, by reason of any lapse of time, be held to confer a right of way on the public so as to bring the street within the definition of a "public street" in clause (57) of section 3. 1X c'

(Schedule XVII.—Rules as to the use of building-sites and the execution of building-work.—Rule 30.)

Provided that nothing contained in this sub-rule shall prevent the construction of four-storeyed buildings on two sides of a court-yard where the length of the court-yard opposite such buildings is not less than twenty feet and the width of such court-yard is not less than fifteen feet.

(5) For the purposes of sub-rule (4), the opposite face of the house shall be deemed to be a vertical plane drawn through the most projecting portion of such face excluding any cornice or moulding not exceeding eighteen inches.

(6) Notwithstanding anything contained in sub-rule (4), a dwelling-house abutting on a court-yard of which the greater dimension does not exceed twice the less dimension, shall be held to comply with this rule if, by reason of its abutting on a court-yard of the same area but square in shape, the building would comply with this rule.

30. (1) There shall be, at the back of every domestic building, an open space extending along the entire width of the building and forming part of the site thereof.

Open space in rear of building, regulating the rear height.

(2) The said space shall be of such width that any of a series of imaginary lines drawn across such space at an angle of sixty-three-and-a-half degrees with the horizontal, from points on a level with the plinth of the building and situated on that side of the said space which is furthest from the building, shall not intersect any portion (other than open or balustraded parapets not more than four feet in height) of the building:

Provided as follows—

- (i) the minimum width of such space shall be ten feet;
- (ii) in the case of three-storeyed buildings, the angle referred to in this rule shall be increased from sixty-three-and-a-half degrees to sixty-eight degrees: and
- (iii) in the case of any building in which there are both an outer and an inner court-yard, a minimum distance of six feet shall be permitted.

(3) If it is proposed to erect one or more buildings on the site of an existing building or if two or more buildings are proposed to be erected on any one site

(Schedule XVII.—Rules as to the use of building-sites and the execution of building-work.—Rule 31.)

(4) This rule shall not apply in the case of—

(a) a building the back of which abuts on a public square or street or a place dedicated to public use and not likely to be built upon not less than sixteen feet in width;

(b) a building the back of which abuts on a public street less than sixteen feet in width, if the owner makes a free gift to the Corporation of all land comprised within the site of the building, which falls within eight feet of the centre line of such street as prescribed by the Corporation under rule 3, sub-rule (6); and

(c) a building to which rule 24 applies:

Provided that, in cases (a) and (b), the height of the building shall, in accordance with the provisions of rule 3, be regulated by the width of the public square or street on which it abuts.

(5) For the purposes of this rule, the back of a building shall be deemed to be that face of the building which is furthest from any street at the side of which the building is situated:

Provided that, where a building is situated at the side of more than one street, the back of the building shall, unless the Corporation otherwise direct, be deemed to be that face of the building which is furthest from the widest of such streets.

Relaxation of
rule 30 in certain

Open space at sides of building.

there shall be between the buildings an open space extending along the entire length of such side and forming part of the side of the said domestic building:

Provided that attachment of any building to the adjacent building shall not be allowed (except with the permission of the Corporation) in areas declared for the purpose if either of the buildings is a dwelling-house.

(2) The minimum distance across such space from every part of the said domestic building to the boundary line of the land or building immediately opposite such part shall be—

(a) six feet, if there is a building next to such boundary line or within two feet of it, or

(b) four feet if there is an open space of two feet or more on the other side of such boundary line:

Provided that where there is a public street by the side of the site which is less than six feet wide, the owner may, by giving to the Corporation free of charge such land as will make the street six feet wide, be exempted from leaving further side space under this rule.

(3) Notwithstanding anything contained in this rule, where a site adjacent to the site of a proposed building is not occupied by a masonry building situated within ten feet of the boundary line between the two sites and within twenty-four feet from the frontage of the street on which the two sites abut, the proposed building may, with the sanction of the Corporation, be erected along the said boundary line up to a depth of twenty-four feet from such street frontage, unless, in the opinion of the Corporation, there is any objection to any building which may be subsequently erected on the adjacent site being attached to the building so erected.
